

Become an Assistant or Associate Professor in architecture, specializing in social and human issues

The [Faculty of Environmental Design](#), of the Université de Montréal, founded in 1968, is home to three schools: the School of Architecture, the School of Design, and the School of Urban Planning and Landscape Architecture. Its mission is to advance knowledge and train high-calibre talent capable of transforming environmental design practices through research and innovation. The Faculty comprises some 20 research units and 23 educational programs, all dedicated to the study of human-environment interactions and the designing of built and natural spaces.

Committed to a disciplinary and professional approach, the [School of Architecture](#) contributes to research and education aimed at quality, sustainable and inclusive architecture, both locally and globally. It is one of twelve schools in Canada accredited by the Canadian Architectural Certification Board. Your contribution to the mission and identity of the school will take place through teaching and research in architecture.

Day-to-day responsibilities

Through your undergraduate and graduate-level teaching, and your research activities, you will contribute to the faculty's pursuit of excellence. Furthermore, you will promote your discipline and actively participate in the daily activities of a renowned institution. As such, you will:

- Teach lectures, studios and seminars in the Bachelor, Masters and PhD programs in Architecture, according to your expertise;
- Develop an original and impactful research program focused on the social and human issues of architecture;
- Supervise Master's and PhD students;
- Contribute to the visibility of the discipline through conferences, publications and scientific activities, as well as to the functioning of the Faculty and the Institution.

Qualifications

- Hold a professional degree in architecture;
- Hold a doctorate (Ph.D.) related to the field of architecture;
- Possess an excellent research funding and publication record in the field;
- Demonstrate the ability to provide high-quality university-level teaching, in both theoretical courses and design studios;
- Demonstrate a high level of knowledge in architecture applicable to the North American context;
- Demonstrate the ability to deliver high-quality university teaching;
- Demonstrate the potential to develop collaborative partnerships within the University as well as at the national and international levels;
- The following will be considered assets: recognized scientific excellence (awards, distinctions, appointments, etc.), originality of professional experience in architecture, contributions to public policy, a demonstrated commitment to social and cultural inclusion, and the ability to teach undergraduate lecture courses in French;
- Have the ability to work in a team in an interdisciplinary context and in collaboration with faculty members;
- Have adequate proficiency of the French language **or** be committed to learning it once hired, through the Université de Montréal's French language support program, in accordance with the [Université de Montréal language policy](#).

Additional information about the position

- A competitive salary combined with a comprehensive range of benefits;
- Expected start date: July 1st, 2027;
- Located at the Montreal Campus.

How to submit your application

The application file presented must include the following documents, to be submitted before October 30th, 2026:

- A cover letter;
- A curriculum vitae;
- Copies of, or links to, three recent publications or research papers;
- A statement outlining your teaching and mentoring experience and approach;
- A research program proposal;
- The contact information of three referees who will be asked to provide a letter of recommendation;
- A teaching file including student work completed under your supervision (maximum 50 pages) and, where applicable, a portfolio of significant professional work (maximum ten pages).
