

L'Université
de Montréal
et de votre
carrière.

Deeply rooted in Montreal and dedicated to its international mission, Université de Montréal is one of Canada's Top 100 Employers. Like the city whose name it bears, it is effervescent and multicultural.

UdeM attracts over \$500 million in research funding every year, making it one of the three university research hubs in Canada. It also ranks among the best universities worldwide and among the five best French language universities.

Through the achievements of the members of its community, UdeM participates in building today's and tomorrow's world.

Clinical Teacher in Internal Medicine at Pet Animal Hospital Temporary Position | 2 Years | Full-Time or Part-Time

Centre Hospitalier Universitaire Vétérinaire (CHUV)
Faculty of Veterinary Medicine | Administration

The *Faculté de médecine vétérinaire* (FMV) of the *Université de Montréal* is currently seeking qualified candidates for a clinician teacher position in Internal Medicine for the Small Animal Hospital. The FMV is located in the [Education District](#) of [Saint-Hyacinthe](#). The selected candidate will work within the [Centre hospitalier universitaire vétérinaire](#) (CHUV) in collaboration with several specialists, (example: anesthesiology, medical imaging, pathologist, etc.), committed to providing the best veterinary care. This selected person will work within a team comprising 1 clinician teacher, 1 professor, and 4 residents. The Internal Medicine Service plays a central role in the teaching hospital. The service receives referral cases primarily from the greater Montreal area.

Our internationally renowned blood bank actively supports the care of critical patients while serving as a valuable resource for both training and clinical research. Within the hospital, you will have the opportunity to collaborate closely with a multidisciplinary team of specialists, promoting an integrated and personalized approach to complex cases. You will have access to an advanced medical imaging platform, including digital radiography, fluoroscopy, specialized ultrasound, computed tomography (CT), and a recently upgraded magnetic resonance imaging (MRI) system offering unmatched image quality. The hospital is also equipped with a fully functional endoscopy suite (gastrointestinal, urinary, respiratory, argon laser, snare cauterizer, etc.), enabling a wide range of diagnostic and therapeutic procedures.

To learn more about the FMV and discover the vibrant life of the faculty, visit our [website](#).

As a Clinician Teacher, you will have the opportunity to contribute to the excellence of the Faculty of Veterinary Medicine:

Through your clinical teaching (up to 90% of your duties) as well as through activities related to the visibility of your discipline, research activities and institutional service (for a minimum of 10% of your duties). In this role, you will be expected to:

- > Participate in clinical teaching of students, notably by providing care and services that meet the different needs of the clientele;
- > Supervise veterinary students, interns, and residents;
- > Assess student learning;
- > Provide educational advice and assistance to students;
- > Participate in evening and weekend on-call duties as established by the Veterinary Teaching Hospital (CHUV).

To be successful in the role, you must have:

- > Hold a Doctor of Veterinary Medicine (DVM) or equivalent degree;
- > Have completed, or be in the process of completion a residency program in internal medicine;
- > Hold a diploma from the American College of Veterinary Internal Medicine (ACVIM) or the European College of Veterinary Internal Medicine – Companion Animals (ECVIM-CA) ;
- > Have a strong interest in clinical teaching in internal medicine in a university setting;
- > Hold or obtain a valid license to practice veterinary medicine in the province of Quebec (Canada) issued by the [Ordre des médecins vétérinaires du Québec \(OMVQ\)](#);
- > An adequate knowledge of the French written and spoken language in accordance to [Université de Montréal's Language Policy](#).

How to submit your application

All candidates are invited to submit a letter outlining your interests and career objectives, a *curriculum vitae*, a copy of your diplomas, and three letters of recommendation from professors or supervisors to:

Dr Cécile Girardin Bonnefont
Director of Professional Services
Faculty of Veterinary Medicine, Université de Montréal
3200, Sicotte, Saint-Hyacinthe, Québec, J2S 2M2
Phone: (450) 773-8521, extension 38763
Fax: (450) 778-8101
Email: dsp-administration@chuv.umontreal.ca
Web site: <http://www.fmv.umontreal.ca/emploi>

We strongly recommend that you complete the [self-identification questionnaire](#). You will find more information on this subject in the Equity, diversity and inclusion box at the end of this document.

Work schedule	The work schedule is primarily during the day and may include on-call duties in the evenings and on weekends, according to a schedule established by the service chiefs.
Workplace	Saint-Hyacinthe
Salary	Université de Montréal offers competitive salaries and a full range of benefits
Starting date	As of November 2, 2026, or depending on the selected candidate's availability

DIVERSITY AND INCLUSION

Université de Montréal places the [values of diversity, equity and inclusion](#) at the heart of all its missions. Through its Equal Access to Employment Program, Université de Montréal invites women, Indigenous peoples, visible minorities, ethnic minorities, and people with disabilities to self-identify and apply. During the recruitment process, our selection tools will – confidentially - be adapted to meet the needs of individuals with limitations who request accommodation.

UdeM embraces a broad and inclusive definition of diversity that goes beyond applicable laws and encourages all qualified individuals to apply, regardless of their characteristics. In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents.

Completing the self-identification questionnaire is a voluntary process aimed at supporting a diverse and inclusive working and learning environment.

The personal information you provide through the questionnaire is valuable - it helps us improve our practices and comply with applicable legislation.

All personal information is confidential. You can rest assured that it will be collected and used in accordance with federal and provincial laws, will never be disclosed without your consent, and will not affect your hiring or career progression at Université de Montréal.
