

L'Université
de Montréal
et de votre
carrière.

Deeply rooted in Montreal and dedicated to its international mission, Université de Montréal is one of Canada's Top 100 Employers. Like the city whose name it bears, it is effervescent and multicultural.

UdeM attracts over \$500 million in research funding every year, making it one of the three university research hubs in Canada. It also ranks among the best universities worldwide and among the five best French language universities.

Through the achievements of the members of its community, UdeM participates in building today's and tomorrow's world.

Clinician Teacher Position in intensive care and emergency medicine

Temporary position | Full time | 16 months

Veterinary Medical Center (CHUV)

Faculty of Veterinary Medicine | Direction

The *Faculté de médecine vétérinaire* (FMV) of the *Université de Montréal* is currently seeking qualified candidates for a clinician teacher position in emergency medicine and intensive care. The FMV is located in [Saint-Hyacinthe](#), the agricultural capital of Quebec. The chosen person will work within the [Centre hospitalier universitaire vétérinaire](#) (CHUV) in collaboration with several specialists - anesthesiology, dentistry, dermatology, internal medicine, medical imaging, neurology, ophthalmology - committed to providing the best veterinary care. This selected person will work within a team comprising 3 other clinician teachers and professor in intensive care and emergency medicine, 1 to 2 resident(s), 2 to 3 specialized interns and 13 technicians in animal health.

With more than 5,365 patients presented to the Emergency Department annually, the team offers services 365 days a year and welcomes all types of cases (referred or not). In an open intensive care concept, approximately 5 hospitalized patients (1-10) are under the direct responsibility of the intensive care unit. The services have the equipment necessary to provide the best patient care, including a Servo-U mechanical ventilator, an Aimalojic hemoperfusion machine and an Entegriion VCM device.

To find out everything about FMV and discover the excitement of its faculty life, visit [our website](#).

As a clinician teacher, you will have the opportunity to contribute to the excellence of the Faculty of Veterinary Medicine:

Through your clinical teaching (for a maximum of 90% of your task) and through tasks relating to the influence of your discipline, research activities and the functioning of the institution (for a minimum of 10% of your task). As such, you will have to:

- > Participate in clinical teaching, among other things, by providing care and services that meet the different needs of the emergency medicine and intensive care services at the pet hospital;
- > Supervise students in undergraduate residents, internships and students in graduate programs;
- > Evaluate student learning;
- > Provide educational advice and assistance to students;

To be successful in the role, you must:

- > Hold a Doctor in Veterinary Medicine (DVM) degree or equivalent;
- > Have at least three (3) years of significant work experience in emergency and intensive care, or hold a diploma from the American College of Veterinary Emergency & Critical Care (ACVECC) or the European College of Veterinary Emergency & Critical Care (ECVECC);
- > Demonstrate interest and aptitude for teaching and clinical activity in a university setting;

- > Hold or obtain a license to practice veterinary medicine in the province of Quebec (Canada) issued by the Ordre des médecins vétérinaires du Québec;
- > An adequate knowledge of the French written and spoken language **or** a strong commitment to mastering the proficiency level required, in accordance to [Université de Montréal's Language Policy](#).

How to submit your application

All candidates are invited to submit a letter outlining your interests and career objectives, a *curriculum vitae*, a copy of your diplomas, and three letters of recommendation from professors or supervisors to:

Dr Cécile Girardin Bonnefont
Director of Professional Services
 Faculty of Veterinary Medicine, Université de Montréal
 3200, Sicotte, Saint-Hyacinthe, Québec, J2S 2M2

DIVERSITY AND INCLUSION

Université de Montréal is strongly committed to fostering [diversity and inclusion](#). Through its *Equal Access Employment Program (EAEP)*, UdeM invites applications from women, Aboriginal people, visible and ethnic minorities, as well as persons with disabilities. During recruitment, our selection tools can be adapted in complete confidentiality according to the needs of people living with limitations who request them.

UdeM embraces a broad and inclusive definition of diversity that goes beyond applicable laws, and therefore encourages all qualified individuals to apply, regardless of their characteristics. However, in accordance with Canadian immigration requirements, priority will be given to Canadians and permanent residents.

In order to measure the scope of its actions in terms of EDI, UdeM collects data on applicants according to their identification with one of the groups covered by the law on equal access to employment, women, Aboriginal people, visible minorities, ethnic minorities and people with limitations. The information provided is confidential and will be shared only with those responsible for the PAÉE. If you wish, you can indicate your membership in a targeted group in your presentation letter, which the selection committee and the assembly of peers will be informed of when your file is evaluated.
