

L'Université  
de Montréal  
et de votre  
carrière.

Deeply rooted in Montreal and dedicated to its international mission, Université de Montréal is one of Canada's Top 100 Employers. Like the city whose name it bears, it is effervescent and multicultural.

UdeM attracts over \$500 million in research funding every year, making it one of the three university research hubs in Canada. It also ranks among the best universities worldwide and among the five best French language universities.

Through the achievements of the members of its community, UdeM participates in building today's and tomorrow's world.

## Clinician Teacher Position in surgery or Internal Medecine at Farm animal Hospital

Permanent | Full time

Faculty of Veterinary Medicine | Direction  
**Veterinary Medical Center (CHUV)**

The *Faculté de médecine vétérinaire* (FMV) of the *Université de Montréal* is currently seeking qualified candidates for a clinician teacher position in surgery or in internal medicine with interest in soft tissue surgery. The FMV is located in the [Education District](#) of [Saint-Hyacinthe](#). The chosen person will work within the [Centre hospitalier universitaire vétérinaire](#) (CHUV) in collaboration with several specialists, (example: anesthesiology, medical imaging, pathologist, etc.), committed to providing the best veterinary care. This selected person will work within a team comprising 1 clinician, 4 teachers and professor, 3 residents and 3 technicians in animal health.

As the only referral center of its kind in Quebec, the Farm Animal Hospital receives approximately 800 cases each year, referred by veterinarians from Quebec, Ontario, and the Maritimes. It primarily treats dairy cattle, small ruminants, wild ruminants, and camelids. Equipped with modern facilities, the hospital offers a safe environment, including a rotating chute and a dedicated space for treating two non-ambulatory cows. Supporting the veterinary staff, a team of animal health technicians provides continuous care. Additionally, animal care attendants ensure the well-being of patients by managing feeding, milking, movement, and restraint.

To find out everything about FMV and discover the excitement of its faculty life, visit [our website](#).

### **As a clinician teacher, you will have the opportunity to contribute to the excellence of the Faculty of Veterinary Medicine:**

Through your clinical teaching (for a maximum of 90% of your task) and through tasks relating to the influence of your discipline, research activities and the functioning of the institution (for a minimum of 10% of your task). As such, you will have to:

- > Participate in clinical teaching, among other things, by providing care and services that meet the different needs of the emergency medicine and intensive care services at the pet hospital;
- > Supervise students in undergraduate residents, internships and students in graduate programs and evaluate their learning;
- > Provide educational advice and assistance to students;
- > Participate in evening and weekend on call.

### **To be successful in the role, you must have:**

- > Hold a Doctor in Veterinary Medicine (DVM) degree or equivalent;

- > Hold a diploma from the American College of Veterinary Medicine (ACVIM) or the American College of Veterinary Surgeon (ACVS) with specialization in large animals (LA) or the European College of Veterinary Surgeon (ECVS) with specialization in large animals or the European College of Bovine Health Management (ECBHM);
- > Have experience (potentially including work experience during the residency) and/or an interest in soft tissue surgery
- > Hold or obtain a license to practice veterinary medicine in the province of Quebec (Canada) issued by the Ordre des médecins vétérinaires du Québec;
- > An adequate knowledge of the French written and spoken language **or** a strong commitment to mastering the proficiency level required, in accordance to [Université de Montréal's Language Policy](#). An institutional learning support program is offered to all professors wishing to learn French or improve their communication skills.

## How to submit your application

All candidates are invited to submit a letter outlining your interests and career objectives, a *curriculum vitae*, a copy of your diplomas, and three letters of recommendation from professors or supervisors to:

**Dr Cécile Girardin Bonnefont**  
**Director of Professional Services**

Faculty of Veterinary Medicine, Université de Montréal  
 3200, Sicotte, Saint-Hyacinthe, Québec, J2S 2M2

## DIVERSITY AND INCLUSION

**Université de Montréal is strongly committed to fostering diversity and inclusion.** Through its *Equal Access Employment Program (EAEP)*, UdeM invites applications from women, Aboriginal people, visible and ethnic minorities, as well as persons with disabilities. During recruitment, our selection tools can be adapted in complete confidentiality according to the needs of people living with limitations who request them.

UdeM embraces a broad and inclusive definition of diversity that goes beyond applicable laws, and therefore encourages all qualified individuals to apply, regardless of their characteristics. However, in accordance with Canadian immigration requirements, priority will be given to Canadians and permanent residents.

In order to measure the scope of its actions in terms of EDI, UdeM collects data on applicants according to their identification with one of the groups covered by the law on equal access to employment, women, Aboriginal people, visible minorities, ethnic minorities and people with limitations. The information provided is confidential and will be shared only with those responsible for the PAÉE. If you wish, you can indicate your membership in a targeted group in your presentation letter, which the selection committee and the assembly of peers will be informed of when your file is evaluated.
