

L'Université
de Montréal
et de votre
carrière.

Deeply rooted in Montreal and dedicated to its international mission, Université de Montréal is one of Canada's Top 100 Employers. Like the city whose name it bears, it is effervescent and multicultural.

UdeM attracts over \$500 million in research funding every year, making it one of the three university research hubs in Canada. It also ranks among the best universities worldwide and among the five best French language universities.

Through the achievements of the members of its community, UdeM participates in building today's and tomorrow's world.

Clinician Teacher Position in Cardiology at Pet Animal Hospital

Temporary position | Full time | 1 year

Centre hospitalier universitaire vétérinaire (CHUV)

Faculty of Veterinary Medicine | Direction

The Faculty of Veterinary Medicine (FMV) of the *Université de Montréal* is currently seeking qualified candidates for a clinician teacher position in cardiology for the pet animal hospital. The FMV is located in the [Education District of Saint-Hyacinthe](#). The chosen person will join a team of 1 professor, 1 clinician teacher and 1 technician. This selected person will work within the [Centre hospitalier universitaire vétérinaire](#) (CHUV) in collaboration with several specialists - anesthesiology, internal medicine, medical imaging, surgery, neurology, as well as emergency and critical care - who are all committed to providing the highest standard of veterinary care. The candidate will also serve as an educational resource for future veterinarians at the Faculty.

The cardiology department plays a central role within the Companion Animal Hospital and the CHUV (a cross-species, interdisciplinary service). Our equipment is suited for both secondary and even tertiary referral practice. Our diagnostic tools include, among others, a GE Vivid E95 ultrasound machine, 4D echocardiography, transesophageal probes (adult and pediatric), a telemetry and Holter service (both on-site and remote), a latest-generation CT scanner with a cardiac module, a 1.5 Tesla MRI, and a state-of-the-art interventional catheterization suite.

As a clinician teacher, you will have the opportunity to contribute to the excellence of the Faculty of Veterinary Medicine :

Through your teaching (for a maximum of 90% of the appointment), you will also ensure the visibility of your discipline and your research activities in addition to actively participate in the operation of a renowned institution (for a minimum of 10% of the appointment). We will also consider a candidate who can provide clinical presence at the CHUV one or two days per week on an ongoing basis. As such, you will:

- > Participate in clinical teaching, notably by providing care and services that meet the diverse needs of the clientele;
- > Supervise undergraduate students during clinical rotations and graduate students in advanced programs, and assess their learning;
- > Provide educational advice and assistance to students.

To be successful in the role, you must have:

- > Hold a Doctor in Veterinary Medicine (DVM) degree or equivalent;
- > Have completed, or be in the process of completing, a residency program in internal medicine;

- > Have at least three (3) years of significant work experience in a cardiology service or hold a diploma from the American College of Veterinary Internal Medicine (ACVIM), the European College of Veterinary Internal Medicine – Companion Animals (ECVIM-CA) or be eligible for certification.
- > Hold or obtain a license to practice veterinary medicine in the province of Quebec (Canada) issued by the Ordre des médecins vétérinaires du Québec;
- > An adequate knowledge of the French written and spoken language in accordance to [Université de Montréal's Language Policy](#).

How to submit your application

All candidates are invited to submit a letter outlining your interests and career objectives, a *curriculum vitae*, a copy of your diplomas, and three letters of recommendation from professors or supervisors to:
