

L'Université
de Montréal
et de votre
carrière.

Deeply rooted in Montreal and dedicated to its international mission, Université de Montréal is one of Canada's Top 100 Employers. Like the city whose name it bears, it is effervescent and multicultural.

UdeM attracts over \$500 million in research funding every year, making it one of the three university research hubs in Canada. It also ranks among the best universities worldwide and among the five best French language universities.

Through the achievements of the members of its community, UdeM participates in building today's and tomorrow's world.

Clinician Teacher Position in Neurology

Temporary position | Full time | Duration: to be discuss

Faculty of Veterinary Medicine | Direction

Centre Hospitalier Universitaire Vétérinaire (CHUV)

The *Faculty of Veterinary Medicine* of the *Université de Montréal*, located in the [Education District](#) of the city of [Saint-Hyacinthe](#) is currently seeking qualified candidates for a Clinician Teacher position in neurology. The selected candidate will work within the [Centre hospitalier universitaire vétérinaire](#) (CHUV) as part of a team that includes 2 professors, 2 residents and 3 animal health technicians. In addition, the selected candidate will collaborate with several specialists (anesthesiology, cardiology, surgery, dentistry, dermatology, medical imaging, zoological medicine, etc.) dedicated to provide the highest standard of veterinary care, and will serve as an educational resource for future veterinarians. To learn more about the FMV and discover the vibrancy of life within our academic community, visit [our website](#).

The CHUV Neurology Department treats a wide variety of cases, primarily in companion animals, while also occasionally treating horses, ruminants, and exotic species. It is distinguished by its state-of-the-art equipment, including a 1.5T MRI upgraded in 2024, a high-performance CT scanner (320 slices), an ultrasonic surgical aspirator (CUSA), and specialized neurosurgical equipment. The department also features a lameness corridor and a full suite of electrodiagnostic tools for detailed patient evaluation. Continuous emergency and intensive care is provided to patients in collaboration with the emergency/intensive care department.

As a Clinician Teacher, you will have the opportunity to contribute to the excellence of the Faculty of Veterinary Medicine:

Through your clinical teaching (up to 90% of your duties), as well as through activities related to the visibility of your discipline, research activities, and institutional service (for a minimum of 10% of your duties). In this role, you will be expected to:

- > Participate in clinical teaching, including providing care and services to meet the different needs of the Neurology service's clientele;
- > Supervise undergraduate during internships and graduate students ;
- > Assess student learning;
- > Provide advice and educational assistance to students;

To be successful in the role, you must :

- > Hold a Doctor in Veterinary Medicine (DVM) or equivalent degree;
- > Have completed a residency program in Neurology/Neurosurgery;
- > Hold a certification from the American College of Veterinary Internal Medicine with Neurology/Neurosurgery specialization (ACVIM) or from the European College of Veterinary Neurology (ECVN) or be eligible to take the Board examination;
- > Have training in Neurosurgery in order to provide training to residents in this specific field;
- > Hold or obtain a valid license to practice veterinary medicine in the province of Quebec (Canada) issued by the [Ordre des médecins vétérinaires du Québec \(OMVQ\)](#);

- > Have an adequate knowledge of the French written and spoken language **or** a strong commitment to mastering the proficiency level required, in accordance to [Université de Montréal's Language Policy](#).

How to Apply

Please submit a letter outlining your interests and career objectives, your *curriculum vitae* accompanied by copies of your diplomas, as well as three letters of recommendation from professors or supervisors to:

Dr. Cécile Girardin Bonnefont

DIVERSITY AND INCLUSION

Université de Montréal places the [values of diversity, equity and inclusion](#) at the heart of all its missions. Through its Equal Access to Employment Program, Université de Montréal invites women, Indigenous peoples, visible minorities, ethnic minorities, and people with disabilities to self-identify and apply. During the recruitment process, our selection tools will – confidentially – be adapted to meet the needs of individuals with limitations who request accommodation.

UdeM embraces a broad and inclusive definition of diversity that goes beyond applicable laws and encourages all qualified individuals to apply, regardless of their characteristics. In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents.

Completing the self-identification questionnaire is a voluntary process aimed at supporting a diverse and inclusive working and learning environment.

The personal information you provide through the questionnaire is valuable - it helps us improve our practices and comply with applicable legislation.

All personal information is confidential. You can rest assured that it will be collected and used in accordance with federal and provincial laws, will never be disclosed without your consent, and will not affect your hiring or career progression at Université de Montréal.
