

Become an Assistant or Associate Professor of Veterinary Diagnostic Imaging / Radiology (Full-time or Part-time)

The [Faculty of Veterinary Medicine](#) of the Université de Montréal is the only French-language institution of its kind in North America. It stands out for the excellence of its research and training on its two campuses—one in Saint-Hyacinthe, at the heart of Quebec's agri-food region, and the other in Rimouski, within a rich coastal environment. A driver of change, it prepares tomorrow's leaders through a "One Health" approach that brings together innovation, biodiversity, and sustainability.

The [Department of Clinical Sciences](#) fosters the advancement of clinical knowledge through innovative research, ensuring a high-quality education for future veterinarians and veterinary specialists.

Why choose our Faculty? [Learn more](#)

Day-to-day responsibilities

Through your undergraduate and graduate-level teaching, and your research activities, you will contribute to the faculty's pursuit of excellence. Furthermore, you will promote your discipline and actively participate in the daily activities of a renowned institution. As such, you will:

- Participate in didactic teaching of Diagnostic Imaging to undergraduate and graduate students, as well as the continuing education of veterinarians;
- Participate in clinical teaching of the Diagnostic Imaging Service to DVM students and graduate students (including interns and residents);
- Supervise graduate students;
- Develop research axes in the field of Diagnostic Imaging. Many opportunities for collaboration exist for new professors;
- Contribute to outreach activities in the discipline (publications, conferences, and others), including participation in various community services in the field;
- Contribute to the functioning of the Faculty and the University through participation in committees and working groups.

Additionally:

- Participate to emergency duties established by the *Centre hospitalier universitaire vétérinaire (CHUV)*.

Qualifications

- Hold a Doctor of Veterinary Medicine (DVM) degree or equivalent;
- Have successfully completed a residency program in Diagnostic Imaging and be a diplomate of the American College of Veterinary Radiology (ACVR) or the European College of Veterinary Diagnostic Imaging (ECVDI), including the ECVDI-Large Animal; applications from board-eligible individuals, as well as residents in the process of graduation, will also be considered;
- Hold a M.Sc. or equivalent (relevant research achievements);
- Demonstrate the ability to provide high-quality academic teaching, research, and clinical activities;
- Hold or be eligible to obtain a license to practice veterinary medicine in the province of Quebec (Canada) issued by the *Ordre des Médecins vétérinaires du Québec*;
- Have adequate proficiency of the French language **or** be committed to learning it once hired, through the Université de Montréal's French language support program, in accordance with the [Université de Montréal language policy](#).

Additional information about the position

- Competitive salary and a comprehensive range of benefits
- Expected start date: January 1st, 2027
- Located at the Saint-Hyacinthe campus

How to submit your application

The application file presented must include the following documents, to be submitted before September 30th, 2026:

- A cover letter
- A curriculum vitae
- Copies of, or links to, three recent publications or research papers
- A statement outlining your teaching and mentoring experience and approach
- A research program proposal
- Three letters of recommendation submitted directly by the referees to the department
- Copy of your diplomas
